Create Inspirational Learning

Welcome to Early Excellence, a unique and highly-specialist organisation with an unparalleled reputation for supporting schools to develop the very best practice and provision for young learners. We are passionate about supporting young children's development and provide a wide range of services and products to support school improvement.

Our Curriculum Team offer high-level consultancy, expert training and online CPD, and work closely with schools to help design and resource classrooms for children aged 2-7yrs.

As you look through this brochure, which highlights our classroom solutions and unique resource collections for children aged 3-5yrs, we hope that our knowledge of best practice and commitment to quality shines through.

We would love to support your work and help you achieve your vision for early learning.

With best wishes

Liz Marsden
Founder & CEO

Resource every
area of learning
to enrich the
curriculum

Understanding Best Practice with Early Excellence

At the heart of Early Excellence lies a deep understanding of how young children learn and the importance of establishing a well-planned, rich and stimulating environment to underpin children's personal development and academic achievement.

We offer much expertise to support staff development and specialise in helping practitioners to understand the link between the environment and the curriculum – and how each area of provision can be effectively resourced, organised and managed to create rich and meaningful learning opportunities.

Our Curriculum Model helps to illustrate the Early Excellence approach, and our Guide to Continuous Provision 3-5yrs explains in greater detail the learning potential of each area with planning included for all areas of provision.

Highly-engaged self-initiated learning with open-ended continuous provision materials

Developing Areas of Provision

Solving Problems with Water

A naturally open-ended resource, water proves irresistible to children. Their natural desire to experiment leads to rich learning possibilities across the curriculum; they will enjoy pouring and filling containers, discovering all the ways water moves and how it reacts with other objects, as well as using water as a context for imaginative play.

Explore our full range of Water Resources online

Exploring Materials with Wet Sand

The flexible nature of sand makes this area a favourite place to play for many children. They will relish the challenge of moving and moulding the sand into different shapes and forms, making impressions to create interesting surfaces and patterns as well as playing imaginatively in an ever-changing, 3D landscape.

Gain Help to Design Your Classrooms with Early Excellence

For help to design and equip your learning environments, simply contact Early Excellence. Our Curriculum Consultants are highly experienced at planning classrooms and will be happy to work with you to discuss your vision, plan your space and produce classroom designs for you to share and approve.

We specialise in fully resourcing classrooms and offer complete, ready-made collections for all aspects of provision, each carefully curated for continuity of access and progression of learning from 2-7yrs.

With each classroom design comes a detailed list of all the resources you need to establish a rich and stimulating environment - and through our in-house delivery team we are able to offer you a personalised, well-managed delivery service to help make setting up your classrooms easy.

Expressing Ideas through Writing

It's an exciting moment when children begin to express their ideas through mark making. In a well-presented, accessible mark making area, children can be supported to explore writing through a variety of different media and appealing resources, beginning to apply their growing knowledge of key words, letters and sounds as their skills develop.

Explore our full range of Mark Making Resources online

Choosing Furniture, Storage & Books

Choose the Right Size of Furniture

To support the development of continuous provision, we supply a wide range of high-quality shelving units for children aged 2-7yrs including low level units to display books and resources for children 2-3yrs, a mid level range ideal for children 3-4yrs and a high level range for children aged 4-5yrs or for larger classrooms of any age.

Create an attractive learning environment with well defined areas

Order Early Excellence furniture for your classrooms

www.earlyexcellence.com/uae

Low Level

Dimensions
H70 x L90 x D45cm

These units have been designed to offer low level shelving for the display of accessible resources and books. The closed shelving unit has the option to add a mirror back.

10 year guarantee

Mid Level

Dimensions
H98 x L90 x D35cm

These units have been designed to make the most effective use of space and offer role play, book and easel options. Available with display board, white board and mirror options.

10 year guarantee

Choose the height that best suits the age of your children

High Level

Dimensions
H105 x L125 x D40cm

These units provide clearly defined areas of provision for larger classrooms. Graduated shelves make resources accessible. Shelving, book, role play and easel units are available in five style options.

For new school builds and larger classroom projects, furniture is fully installed on site

10 year guarantee

Low Level Furniture Range

To support the development of continuous provision, we supply a range of high-quality shelving units designed especially for children aged 2-3yrs.

The range includes low level shelving for the display of resources and books.

Create an attractive space for pre-school groups with low level furniture

Design the layout of your new classrooms with Early Excellence

Our Exclusive Distribution Partnership with Frontier

To support our international shipping across the UAE, Early Excellence are delighted to be partnering with Frontier Education, a company committed to providing efficient solutions and adding value to school procurement processes.

Frontier Education are proud to utilise MOVE - The Multilevel Online-Ordering System where you will find a full range of Early Excellence products available to order.

MOVE is a user-friendly procurement solution developed with the challenges faced by schools and school groups in mind. The solution does not require complicated software or any system integration and it can be accessed anytime, from anywhere, providing flexibility, convenience and value to all stakeholders.

Benefits of MOVE

- Web-based system
- Budget Allocation and Spend Analysis
- Over 80,000 products across various brands and categories
- Dashboard & Order Tracking
- Prices in AED
- Approval hierarchy with up to 5 levels of approval

Contact Frontier Education for Advice & Support

Find out how MOVE can support your purchasing process and make your buying more efficient.
