Create Inspirational Learning

Welcome to Early Excellence, a unique and highly-specialist organisation with an unparalleled reputation for supporting schools to develop the very best practice and provision for young learners. We are passionate about supporting young children's development and provide a wide range of services and products to support school improvement.

Our Curriculum Team offer high-level consultancy, expert training and online CPD, and work closely with schools to help design and resource learning environments for children aged 3-7yrs.

As you look through this brochure, which highlights our outdoor solutions and unique resource collections, we hope that our knowledge of best practice and commitment to quality shines through.

We would love to support your work and help you to achieve your vision for early learning.

With best wishes

Understanding Best Practice with Early Excellence

At the heart of Early Excellence lies a deep understanding of how young children learn and the importance of establishing a well-planned, rich and stimulating environment to underpin children's personal development and academic achievement.

We offer much expertise to support staff development and specialise in helping practitioners to understand the link between the environment and the curriculum – and how each area of provision can be effectively resourced, organised and managed to create rich and meaningful learning opportunities.

Our Curriculum Model helps to illustrate the Early Excellence approach, and our 'Guide to Outdoor Provision' explains in greater detail the learning potential of each area with planning included for all areas of outdoor provision.

Organising Outdoor Learning with Early Excellence

To help you effectively manage your outdoor environment we offer a range of outdoor stores, shelving and storage containers, all highly durable and suitable for outdoor use.

The stores have been carefully chosen for their size, quality and durability making them a great investment. Whether choosing one large store to house all of your equipment or several smaller stores to position equipment near to each of your learning zones, the stores will help you and your children to easily organise and access your resources.

We also supply a range of highly versatile shelves which can be used inside the stores or placed outside under a covered area, as well as a wide range of storage containers to help manage smaller collections – everything you need to get organised!

Shelves and small boxes arranged with labels to ensure accessibility
